# June 2024 crossword

# June 2024 wordoku

Solve this wordoku in the same way as a sudoku with letters instead of numbers (each of the nine letters in each row, column and nine-square cell). Once solved, rearrange one of the overall diagonals to name a chemical biologist with a particular interest in peptides and proteins.

# Cryptic

#### Across

- 1 Endlessly dull diet arranged for the technophobe (7)
- 5 City smart in the past? (7)

Solutions: 1. Lead (Pb from the Latin name Plumbum and plumbing) 2. Matches 3. Fingerprinting 4. Painting 1. Lead (Pb from the Latin name Plumbur) 2. Matches 3. Fingerprinting 4. Painting

## June 2024 coronene puzzle

This puzzle is based on coronene. Using the elemental symbols (and not switching the 2 letters of any 2-letter elemental symbols), place each of the seven elemental symbols in the hexagons to spell out three words reading diagonally (plurals allowed). In each of the four puzzles there will be a shared element in the middle hexagon which when combined and reading across will spell out the name of a compound.

#### Elements:

# Entry form

There are four prize puzzles on this page: cryptic crossword; quick crossword; wordoku; and coronene. For each puzzle, a winner will be selected from all the correct entries received and awarded a £25 UK book voucher.

You can enter any or all of the prize draws, but each entrant is only eligible to win one of the individual puzzle prizes each month.

Please enter your details below and email a scan or photograph of this page with your completed entries to us by **20 June 2024**. The winners of this month's puzzles will be published in the July 2024 issue, along with the solutions.
